

Eagle Conferencing receives *INTERNET TELEPHONY*[®] Magazine's 10th Annual Product of the Year Award

Eagle Conferencing honored for Outstanding Innovation

New York, USA and Bangalore, INDIA: January 30, 2008 — **Eagle Conferencing, India** announced today that Technology Marketing Corporation's (TMC[®]) *INTERNET TELEPHONY* magazine has named **Eagle Conferencing** as a recipient of its 2007 Product of the Year Award.

Since launching its flagship teleconferencing services in India as of August 2007, Eagle Conferencing has experienced rapid rise in building a solid customer base. "We are very privileged with this prestigious award especially within the short period that the service has been active in India, and it clearly demonstrates the value creation of our innovative conference Call services," says Kent Charugundla, founder and CEO of EagleNet Group. "Since August 2007, the company has embarked a significant growth in Indian conference line business. We appreciate the trust and confidence of our customers. Eagle Conferencing will continue to address growing demands of our India client base with innovative marketing, a suite of new products, and continuous application development."

Eagle Conferencing's goal is to continue as a leading, highly reliable service provider with competitive pricing. In support of that aim, Eagle Conferencing in India is offering a free trial to all new customers regardless of how many minutes they use.

"Eagle Conferencing has demonstrated that they are totally committed to quality, the mark of excellence, while addressing real and immediate needs in the marketplace. *INTERNET TELEPHONY* is pleased to grant a 2007 Product of the Year Award to their flagship **Conferencing Services**," said Rich Tehrani, TMC President and Editor-in-Chief of *INTERNET TELEPHONY* magazine. We're proud to honor their hard work and solid accomplishments, and look forward to more innovative solutions from **Eagle Conferencing**, in the future."

About Eagle Conferencing

Eagle Conferencing is an affiliate of EagleNet companies, one of the world's leading facility-based teleconferencing service providers since 1986, that specializes in conferencing, IVR and voicemail services with capacity of over ten (10) billion minutes annually. Licensed in July of 2007 by the Indian Government's Department of Telecommunications, Eagle has operations in the U.S., Italy, the U.K., France, Germany, and India.

Eagle's global bridge capacity of 25,000 ports plus thousands more under expansion, has a secured and scalable network infrastructure which proves it is here to stay. With an eye on flexibility, Eagle Conferencing offers a variety

of service options. The company is headquartered in New York City, U. S. A. while its lead office is in Bangalore, India. For more information about Eagle Conferencing, visit www.eagleconferencing.in and call 080-6576-6600 within India or +91 80 6576 6600 internationally.
